

April 16, 2020

Dear St. Anthony Community:

We wanted to inform you that today, Governor Evers extended the **Safer At Home order through May 26th** and further **ordered all schools to be closed for the remainder of the school year 2019-2020** in an effort to contain the spread of COVID-19 in Wisconsin.

This news saddens us as we wish we could be back in our schools to finish the year. We will continue our distance learning in our current format using Class Dojo or Google Classroom. In partnership with families, we will work together to ensure student learning continues until June 11th.

We are extremely proud of St. Anthony students and staff who are working under extraordinary circumstances. We thank our families who are partnering with us to continue student learning. Everyone is doing their very best. Our commitment to faith, family and forward is stronger than ever and we will continue our work with resilience.

We will continue to trust in the Lord to be with us during this difficult time. We encourage you to join us in praying for those who are infected with COVID-19, for those that are high-risk during this time, for the medical professionals and first responders fighting this virus on the front lines of our community, and for you and your families during this time. We hope you and your family are doing well and please reach out to us if you need anything.

We will continue to keep you abreast of any developments in the near future.

God bless you,

Rev. Hugo Londoño Gallego, Pastor  
Dr. Rosana Mateo, President
